Following eye contact:

Rinse with plenty of water for several minutes (ca. 15), keeping the lids wide open. Avoid a strong stream due to risk of corneal damage, seek medical advice.

Following inhalation:

In case of dizziness or nausea, take the affected individual to fresh air and seek medical advice if there is no quick improvement.

Following ingestion:

Do not provoke vomiting. Rinse mouth with water. Give a lot of water to drink. Seek medical advice.

4.2. Most important symptoms and effects, both acute and delayed
